

My name is Donaji Rauda Blanco, I am 18 years old, I was born here in Zihuatanejo, Gro. We are 4 members in my family, my mothers name is Martha, she doesn't work, my father's name is Ricardo he works as a waiter in a hotel in Ixtapa, I just have one young brother, his name is Ricardo Gabriel he is 16 years old and now he is studying high school.

I joined to Niños Adelante foundation when I was on second year of junior high school. They assigned me to my sponsors Tim and Dorothy Ellis to whom I thank them for all their support as well as the foundation and I have spent 5 beautiful years in the foundation. Being in the Niños Adelante Foundation gave me many opportunities as study the English language. Fortunately two years ago I got a certification in the level B1 of English and this thanks to the foundation and my sponsors

whom I love very much.

I finished high school just a week ago. I study in CONALEP, in this high school I study the technical career of tourist hospitality with a final grade of 9.3 .

About the university, I so excited about study the university because it is a new stage in which I will learn new things, meet new people and prepare for the future. I applied to the Universidad Tecnologica de la Costa Grande de Guerrero (UTCGG) which is located in Petatlan just one hour from Zihuatanejo. I going to study Tourism management and development.

I choose that career because is related to the one I study at high school, when I was studying tourist hospitality in high school I realized that everything related to tourism, knowing different places in Mexico and the world both its tourist and cultural attractions catches my attention because it is very interesting and that is why I decided to study this career.

For the matter that petatlan is an hour from zihuatanejo I decided to rent there near the university because it is a bit complicated to come and go every day and also a little expensive.

I would like to have the opportunity to obtain the special scholarship as it would be a great help for me and my family to continue with my studies and achieve my goals.

Thanks to my sponsors Tim and Dorothy Ellis, to the foundation and to all the people who collaborate for giving us their support.

Donaji Rauda Blanco
