

My name is Ana Pamela Díaz Gutiérrez, I am 17 years old, I was born in Mexico City but when I was 13, we moved to Zihuatanejo. I live with my mother Juana Gutiérrez Ruiz who works as an employee, my two younger sisters Fernanda and Ariana and my grandmother at her house.

My story with the “Niños adelante” foundation began 5 years ago. This great opportunity presented itself and I was assigned to my sponsor Linda Wittmer Boje, to whom I am very grateful. Her support has been a great motivation, both educationally and in life, encouraging me to continue with my goals and to strive and improve as a person. I am also very grateful to Don José and the foundation.

I finished high school a month ago with an average of 9.4. I studied at High School No. 13 where I made great friendships, many experiences and obtained great knowledge, among which I studied a little accounting and administration where I realized that I like everything related to those careers. Thanks to this, I have been accepted to study Business Administration at UTCCG University (Technological University of the Costa Grande of Guerrero) so I will go to live in Petatlan, a place close to Zihuatanejo, approximately 1 hour away.

In the future I want to finish my degree and become a professional, to help my mother, my sisters as well as make my godmother feel proud and as a way to say thank you to the foundation. For me, the special “Niños adelante ” scholarship will be of great help in my studies for expenses related to my education such as materials, housing or unforeseen expenses, in order to focus more on my studies and not miss out on any academic opportunities.

I am very grateful to you, thank you very much for everything.
