

Dear Mabeth,

My name is Christopher Jair Pacheco Figueroa. I have been in Ninos Adelante foundation for 6 years. I'm very grateful with my sponsor, he has given me all his support.

I'm very excited because I already graduated from high school with an average of 8.8. Now I'm about to start a new path in college which is named San Nicolàs de Hidalgo in Morelia City. My dream is to study electrical engineering and graduate from it. I love math and physics, so I know I'll be a good student in those subjects. I'm very grateful with you because I am the winner

of this great scholarship. It means a lot to me because it will help me to continue with my studies. Now, I will be more motivated for obtaining better qualifications and be able to show you my greetings. Thank you one more time, I really appreciate it.

Here is my information, I would like to be in contact with you and to know more about you.
